Sort it with Max

Draw a line from each toy to its group. A grown-up can read the group names with you.

1

Red truck

2

Teddy bear

3

Toy train

4

Blue racing car

5

Sailboat

6

Green truck

A

Toys with wheels

B

Soft toys

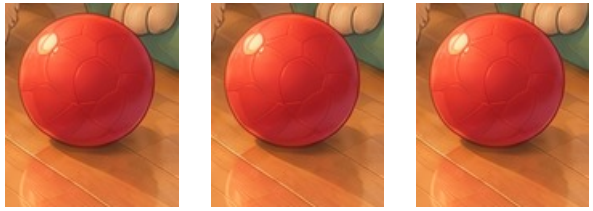

C

Toys that float

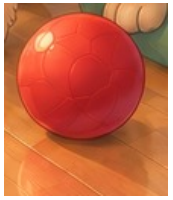

Personal and classroom use only.

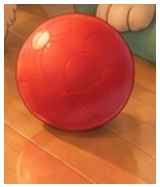

Count, then find the match

Count each group on the left. Write its number. Then circle the matching picture on the right.

Answers & a little conversation

Use these activities together. There is no race to finish.

Sort it with Max

A. Toys with wheels: 1, 3, 4, 6

B. Soft toys: 2

C. Toys that float: 5

Count, then find the match

3 red balls / 2 toy planes / 4 blue racing cars

Matching pictures: first choice, third choice, second choice.

Talk about it

Where could these toys live in your room?

Which toy would you put away first?

How can we make a little space for someone else to play?

Personal and classroom use only.
